PART 1.0 – CALL TO ORDER AT 7:00 PM

1.1 Mr. Jones called the regular meeting to order with the flag salute at 7:04 p.m.
1.2 Welcome guests
1.3 Corrections and Changes: None.
1.4 Audience and Board Communication
   Say something positive:
   Mr. Jones began with thanking the middle school for celebrating kindness. He then commented that Mrs. Schlentz teaching economy lessons to 4th grade students is great. It shows kids the importance of personal finance at a young age. He wished that this was taught when he was a kid. Mrs. Chord said that student linkage did not fail again this year as this is always her favorite meeting of the year. She commented on the positive notes that students gave the new middle school math curriculum and it was great to see all of the changes throughout the district. Mr. Lindberg echoed Mr. Jones comment about economy and resumes being taught to 4th grade students. It is great and he would like it to keep going. He also said that it is great to be in-person again. Mr. Muffett echoed the in-person comment from Mr. Lindberg. He said that technology is great, but it is good to meet
face to face and he thanked the audience for being at the meeting. Mr. Whited also said that the student linkage was great. It was amazing to walk through the halls and experience paras working with students. He also said that he is glad the mask mandate is gone so that students and staff work without the hindrance of a mask. He also commented that a lot of students at the middle school like the new math curriculum and it was good to see the work that goes on within the schools. Mr. Rosenkranz also talked about the linkage. The volume of kids being served with reading support was especially good to see. The district is doing everything it can to build back up the reading skills of current 2nd, 3rd, and 4th grade students. He also commented that it was good to see knowledge bowl took 4th in state and that unified soccer is coming to the district. Unified Soccer is being offered thanks to a donation from Special Olympics.

Public Input on Non Agenda Items:
Buffy Sparger commented that the government/state agencies ignore local school boards and parents. She also commented that Chris Reykdal threatened to withhold funds from schools that did not follow the governor’s mandates. Monty Winton commented that Washington State requires boards to be members of WSSA. He thinks this should be optional and encouraged the board to write the legislature to return decision making power to school boards at a local level. Myrna Leija also commented that the board should write the legislature regarding WSSDA membership being made optional and not required, encouraged the board to pass a resolution that the parents are the primary decision maker regarding their children’s education, asked the district to not share medical information with other state agencies. Justine Stimmel commented that WSSDA and OSPI tied the hands of the school boards. The statements provided to the school board were to inform the board about the government’s emergency order being based on fraudulent data. The records requests were for information that is known to not exist. There is a movement of teachers, bus drivers, etc. who have been injured by the vaccines. It is her hope to work with the school board, not against them.

Mr. Jones commented that it is the district’s job to educate children. The board has to follow the law as required when they take the oath of office. The board sets the policies of the school district to closely align with community standards. He commented they are elected officials by the La Center community and are not doctors. He appreciates the comments and he also commented that he does not believe that CRT should be taught to our kids and also reiterated that the board has passed a resolution stating that families are the first teacher of their children and that the district is committed to supporting all students in our schools (Resolution 2020/2021-12). The board has also written a letter to WSSDA denouncing the NSBA letter and advocating for local control.

Board Meeting Minutes 3/22/2022

Minutes are draft until signed by the board.
PART 3.0 – LINKAGE

3.1 John Lambert presented information to the board about the Business Department with an emphasis on the Personal Finance class. The personal finance class helps teach students about budget basics, insurance purchasing, income and taxes, credit cards and debt, consumer awareness and other subjects. The personal finance class utilizes the Dave Ramsey curriculum. Amie Russell, a current student, offered her perspective on the class saying that it greatly helped her to be financially responsible by applying for grants vs. student loans and learning about budgeting and cash flow. She also said that it has helped her with insurance purchasing and avoiding impulse buying. Mr. Jones commented that he would like to see this class as a requirement since it prepares students financially.

PART 6.0 – OTHER ITEMS NEEDING BOARD ACTION/DISCUSSION

Motion 21/22-52 made by Mr. Jones to approve senior foreign exchange students that have principal approval to be able to participate in graduation ceremonies:

Motion Carried Unanimously

6.1 Senior Foreign Exchange Students- Graduation Ceremony Participation and Certificate of Achievement, Acknowledgement or Appreciation. After some discussion, Mr. Jones made a motion to approve that Senior Foreign Exchange students be eligible to walk at graduation only upon principal approval. A certificate and not a diploma would be given to these students.

Motion Carried Unanimously

Motion 21/22-53 made by Mr. Jones to run the levy in August vs. November:

6.2 Budget/Levy Discussion
The board discussed when to run the levy again, August or November. Mr. Rosenkranz presented some points and August was the best option by 4 points. If the levy were to pass in August and programs and staff have already been cut, this would give the district an opportunity to add those staff and programs back. There will be a resolution on the April 26 board meeting agenda for this item. The board also stated that it will not go above the $1.50 per thousand already promised to voters and will only collect the $2.6M needed, no matter how much property values rise in La Center. The board recognizes that if the total tax base goes up and they only collect the $2.6M, then the tax rate per $100K goes down, resulting in a lowered tax rate for La Center citizens.

Motion Carried Unanimously

After the levy discussion, Mr. Rosenkranz discussed the budget cuts that will need to be made. There are several areas that will need to be cut, including district office, classified and certified staff. Middle school sports and high school C team sports would also be potentially cut. There is no rainy day fund for the district, or a savings account. The district spends within its means and are good stewards of taxpayer funds. The district has currently frozen all open positions and are purchasing only absolutely essential items at this time. Potential staff cuts will lead to higher class sizes in grades 4-12. K-3 class sizes will need to be maintained as additional funding would be lost from the state if those class sizes are increased which would potentially lead to additional cuts. Another area that would be cut are A/P classes at the high school since those classes typically have low class sizes. This could lead to those students leaving the district to attend running start instead, which also lowers funding.
The next step will be to collect community input. The workshop scheduled for April 12 will be moved to April 14 to allow for more time to prepare for the meeting. A recommendation to the board regarding cuts will need to be presented at the April 26th board meeting to align notifications as directed in staff contracts.

6.3 Future Agenda Items – None this month.
