1.4 Audience and Board Communication

Say something positive:

Mr. Jones spoke about the LCEF Stadium Project. He said that this group is comprised of some very generous people in our community. They stepped up by doing fundraisers when a bond to update athletic facilities did not pass. There are so many who have volunteered their time to help build the stadium. They are beginning to finish the work on the stadium project and will be holding a BBQ in June to raise funds and public awareness about the project. He also congratulated Nancy Carner for a clean audit this year. Mr. Lindberg also thanked Nancy for her work on the audit. He was glad to be part of the exit conference. It was impressive that she has brought the district up to
date over the past several years. Mr. Muffett commented that graduation is only 25 days away! The next class of seniors will be getting their diplomas and finishing their high school careers. This is the reason we are here. Mr. Whited commented on the success of the athletic teams this year, specifically the baseball team. He also continues to hear positive reports from the levy committee. He also commented about the LCEF Fundraiser on June 20, in the stadium and he hopes to see everyone there.

PART 3.0 – LINKAGE

3.1 Home School Academy Showcase- Ruth Schrock and Emily Parman gave an update on the Home School Academy. Ruth noted that every year there are changes at the Home School Academy. This past year, the state changed the guidelines for meeting with students face to face. The state said that if a student was doing satisfactorily, they did not need to meet face to face. The Home School Academy staff did not like this policy because it broke the personal connections with the students and their families. The HSA will be going back to meeting on a monthly basis next year. The HSA staff project to at least 80 students enrolled next year. The Home School Academy is also looking at changing the name of the program to La Center Academy because of a recommendation from OSPI. Mr. Jones commented that his daughter attended the Home School Academy and he feels this program is a very important offering of the district because of the support it offers parents.
