PART 1.0 – CALL TO ORDER

1.1 Mr. Jones called the regular meeting to order with the flag salute at 7:00 p.m.
1.2 Welcomed guests
1.3 Corrections and Changes: None.
1.4 Audience and Board Communication

Say something positive:
Mr. Whited said that he is seeing amazing energy in the schools. Everyone is getting ready for school to start. There is a lot of organization going on and it is exciting to get back to learning. Mr. Muffett said that it is good to see the excitement on kid’s faces. He has a senior coming in this year who is looking forward to it. There is a lot of buzz and energy right now. Mr. Lindberg said that it is exciting and that he has a couple of students at the high school this year. He also thanked everyone for helping to pass the levy. This has made a huge impact for kids and teaching. Mrs. Chord said she is also relieved and excited that the levy passed. She thanked the levy “crew” that spent so many hours getting the word out. She also thanked the LCEF for their fun community events that help to fundraise for the stadium. She added that she has a really good feeling about this year. Mr. Jones thanked Ross Higgins and Craig Whited for their work on the levy committee to help pass the levy. He also commented that he is impressed with Michelle O’Neil as she has been able to garner additional funding for the district via grants. The budget is spread very thin and he is thankful that she keeps “finding” money for the district. Mr. Rosenkranz said that he is thankful the levy passed. Being out in the community was amazing. After the levy passed, the district started working immediately on staffing. He is excited to get
the school year started and back to normalcy. Maintenance has been working on the ES campus, adding a new roof to the Mary Gabrielson building. Other safety upgrades have been made thanks to bond funds. Michelle O’Neil said that the PD opportunities this past couple of weeks for teachers have been great. They are excited to be with the kids and the teachers are “growing” themselves with this learning. Josh Soske recognized Dan Bentz who retired this year. He worked hard to build the technology foundation of the district. He also said that Nicole Andrell is a great selection to lead the tech team.

Public Input on Non Agenda Items:
Terresa Holmes spoke about late start Wednesdays. PD need is not unique to education. The schedule takes time away from kids learning and she would like to see it changed.
Dave Holmes spoke about late start Wednesdays. He says he gets negative feedback from the community about it and believes the large number of no votes on the levies are attributed to late start Wednesdays. He believes PD for teachers can be offered after school instead of taking the time away from the students’ school day.

Motion Carried Unanimously

6.3 Regularly Scheduled Late Student Arrival (Late start Wednesday)
The board and meeting attendees discussed late start Wednesdays and its use. There were several conversations regarding what the time is used for. The board sees this as an opportunity to see if it should be used for student learning instead of professional development or MTSS as it is used now. The district in the past had 2 hour late starts or early release days scheduled into the calendar for PD. The practice as it is now has been built into the calendar since 2012.

Mr. Jones asked that the board be provided with information in the next couple of months on what late start Wednesdays are used for. He would like to be able to show constituents when they ask or email about it. Mr. Rosenkranz said that he will look at the practice and will collect data to share with the board and community. He said that it is good to look at practices to prepare for the future and best serve students.

6.4 Future Agenda Items
Mr. Jones heard from a past board member that when given a citizenship test, only 23 percent of the people that take it actually pass it. He would like to propose that the district make or use a similar test and make it a graduation requirement for students to pass it to receive a diploma from La Center school District.

Mr. Muffett did not have a future agenda item, but noted that there were differing views presented at tonight’s board meeting and regardless of the view, the room handled the topic very professionally.

Josh Soske, a community member, wanted to see if the social emotional learning procedure could be discussed at a future board meeting and also asked if a student representative of the board could be discussed to get students more involved.
