

# La Center Home School Academy

Annual Report 2021-2022

La Center Home School Academy had a student average of 83.73 FTEs and an average of 90 for head count with certificated staff at 3.0 FTE. We had 92 students who committed to returning next year. LCHSA also had a total of nine choice transfer students from either Ridgefield, Battle Ground, Vancouver, or Green Mountain.

Odysseyware Online is still the main program being used for elementary and middle school students for grades 3-8. Accelerate Learning is the program we are using for grades K-2. APEX is the main online program being used for high school. LCHSA is now using SchoolData to house most of our state required forms, attendance, progress reports, etc. LCHSA is keeping an open mind and watching available online programs that are endorsed by the state to make sure we have the best program available for La Center School District. As of Fall 2022 La Center Home School Academy will be named La Center Academy.
