1. Board/Staff Linkage– Annual linkage meeting with classified and certified staff. Staff are welcome to ask questions or bring concerns to the board. The meeting has been split between the elementary and middle schools to accommodate school release time changes. This year the meeting will be held in a round-table discussion format with board members rotating at timed intervals.
2. The board may meet to discuss what is learned from the staff linkage directly following the 3:45-4:45 meeting in the middle school library.

As this is a workshop of the board, no action will be taken.
